

What is *JustFaith?*

JustFaith Programs give you an opportunity to meet in groups of 10-15 people to study, explore and experience Christ's call to care for the poor and vulnerable using books, videos, guest speakers, discussion, prayer, retreats, immersion experiences, and community building.

JustFaith Ministries' Programs deal with topics like:

- migration
- nonviolent peacemaking
- racism
- the environmental crisis
- torture
- dignity of life
- prison reform
- personal spirituality
- interfaith dialogue

Maybe you've asked yourself:

- ◇ As a caring and compassionate person, what more should I be doing and praying about? How can JustFaith help me answer this question?
- ◇ I'm deeply concerned about things going on in the world, but can I really make a difference? Can I find compassionate people who will join me in this quest?
- ◇ Is there a process that will help me walk in the footsteps of Jesus today?
- ◇ How can my Catholic teaching and Eucharistic worship link me to my thirst for justice?
